

Paper products

From base paper through to trouser guards, collar supports, shoulder supports, shirt boards and tie holders, we are your one-stop shop!

As a base material, we use water-resistant paper. Trouser guards which are available in a standard brown version as well as a luxury white version, are given a solvent-free latex coating to prevent the textiles from slipping off the hanger.

trouser guards

- high durability thanks to special coating and shape
- stable fastening thanks to long indentation
- solvent-free latex coating stops fabrics from slipping
- available in white or brown

collar supports

- can be used for the most varied of cleaning and clothing manufacturing systems
- available as "collar support papillon" in white and as "collar support standard" in grey

shoulder supports

- especially for heavy fabrics
- ideally shaped
- coated white on outside, grey on inside
- with integrated non-slip section on shoulder part

shirt boards

- straight and shoulder-shaped cuts
- individually cut sizes
- available in various thicknesses
- exclusive version white on one side
- standard version grey on both sides

tie holders

- white on one side

shirt band

- selfadhesive closure
- various measures
- standard print, private label print
- paperquality: offsetprint chlorfree, white, 70 g/m²
